ABOUT US

The York Restaurant and Bar. It's hard to beat. Not the typical restaurant you would find on the block. The quality, mouth-watering flavors and unique choice of dishes makes it a destination to call home. These days it's hard to find a place to share a meal yet still have the right amount of intimacy. We have built that place for you. With a tongue-teasing selection of small dishes to start on, sides to compliment and big dishes to continue sharing or have as mains, there is something for everyone.
